- **League Report**
  - Fall League is under way without any major problems. There have been a few issues at some games but overall, it's been a quite season
  - Coaches need to enter game scores. Many are missing. Games scores have to be entered within 24 hours of the game. The game dates for any score that has not been entered and the date has passed due will be changed to November 7<sup>th</sup>.
  - Any game that has a score of 7 or more goal difference will be fined \$100 and loss of 1 point in the standings. This needs to be manually configured in the system so it should take place in the next week or so.

- **Referee Report**

- There is a huge need for Referees. We need to get the word out to our players that are 13 years old to become a referee. Not only is a good learning experience about soccer it's a way to earn extra income.

- **CJSA Registration System**

- The scheduling system now allow you to combine your accounts into one account so logging in would be easier. Once logged in to <https://cjsa.sportsaffinity.com> go to My Account in the blue menu at the top of the screen and select Consolidate Logins, follow the information on the next screen.
- Stack has announced that they will have a Single sign on access for the club and state systems. One account to access both systems. This is different than the Consolidate Logins mentioned above. Anyone with an account should receive an email from Stack.
